

Fingerprinting/Criminal Background Check Required

Effective July 1, 2009 fingerprinting will be mandatory. Before submitting an application for a Virginia real estate license, each applicant must submit a set of fingerprints to the Virginia Central Criminal Records Exchange for the purpose of conducting a state and national fingerprint-based criminal history record.

NEW APPLICANTS

You will be electronically fingerprinted at one of PSI Virginia sites, during regular testing hours (see the hours of operation on the following page). It is offered for walk-ins only, on a first come/first serve basis. The \$62.00 fee, may be made payable by money order, cashier's check, VISA or MasterCard. This payment includes the State processing fee of \$37.00, and the PSI processing fee of \$25.00.

Upon completion of PSI's electronic fingerprinting service, all data is forwarded to the Central Criminal Records Exchange, which conducts a statewide criminal history check. The Central Criminal Records Exchange also sends your fingerprint data to the Federal Bureau of Investigation (FBI), which conducts a national fingerprint-based criminal background check. **This is a time consuming process that takes between ten and twelve weeks.** The results of both your state and national data checks are sent directly to the Commonwealth of Virginia, Department of Professional and Occupational Regulation as soon as they are complete.

When you apply for a license with the Department of Professional and Occupational Regulation you must submit, with your application, the verification form provided by PSI that is proof that your fingerprints have been submitted for a background check.

Please do not contact the Department of Professional and Occupational Regulation, the FBI or PSI during this process.

PSI provides fingerprinting services for your convenience. It is your responsibility to determine if you need this service or if you do not.

All fingerprinting fees are **NON-REFUNDABLE** for any reason once the service has been provided.
